

For use with sealing fittings and hubs

The EYS tool kit lets you safely and reliably pack the fiber dam in explosionproof sealing fittings. Consisting of five patented, two-sided tools in a handy canvas bag, the EYS tool kit makes the critical steps of separating electrical conductors and packing fiber dams quick and easy.

Features:

- Consists of five tools and a canvas tool bag; four tools have two unique ends for a total of nine different tools
- Each tool is numbered for easy identification
- Tools are constructed of durable plastic with smooth and rounded surfaces that will not abrade the electrical insulation
- The hook tool (#3), with a large hook on one end and a small hook on the other end, is designed to lift and separate individual wires
- The packing tools (#1, #2 and #4) have rounded ends designed for packing fiber in between and around electrical conductors
- The wedge tools (#2 and #5) are designed for hands-free separation of conductors while packing fiber
- The mirrored tool (#5) allows for easy inspection of the sealing fittings
- All tools are sized and precisely angled to accommodate various sizes of fittings
- The canvas tool bag is designed to neatly store and protect tools while not in use

Cat. #

EYS TOOL KIT

The large hook on tool #3 quickly lifts all the conductors

With one of the packing tools, packing fiber in between and around electrical conductors is effortless

The mirrored tool allows for proper inspection of the fiber dam in difficult to see areas
